5/1	愛心之旅-探訪幼稚園(P4)
12/1	學校功課政策意見交流會
25/1 – 1/2	義力量愛心行動(P5-6)

🎩 樂善堂劉德學校 二零一八年一月份簡訊 校園點滴(第七十期)

劉德之最精靈可愛 IA 班

最有禮貌同學:葉沛陽 最守秩序同學:張膺焯 最愛幫助同學:王寶瑩

今年 IA 班同學可說是動靜皆宜。同學們在平日的課堂裡,大部分時間都表現得很積極, 東於回答問題。在課餘時,同學們又會投入參與他們喜愛的活動,作出多方面嘗試。作為班 主任的我,最高興的是看見他們樂於與他人分享,在短短的數戶間便能培養出梁厚的友誼, 十分難得。

劉德之最精乖伶俐 IB 班

黃彈婷老師

最有禮貌同學:呂愷滔 最守秩序同學:謝焯荍 最愛幫助同學:黃濼滢

IB 班的課室裡經常充滿笑聲,同學們相處融洽,互相幫助。在小息的時候,又會結伴一起玩和吃東西。上課時又會積極舉手回答問題,做小老師教導同學。作為班主任的我,也被他們的熱情融化。短短幾個月,他們已經單始建立良好的巨理能力,希望 IB 班的同學繼續享受校園的生活,在老師的教導和照顧下茁壯成長。

吳沅殷老師

劉德之最聽教聽話 10 班

最有禮貌同學: 俞梓浩 最守秩序同學: 劉家誠 最愛幫助同學: 蔡祺祺

今年 IC 班同學都很天真活發,可愛非常。他們時而化身為老師最忠實的捧場者,很投入課堂;時而又會發表一些天真可愛的「偉論」,令老師忍唆不禁。與學初期,我和同學一起訂立了班〇號一「ICIC 我最醒,聽教聽話最精靈!」,現在同學們都能做到當初的包標,成了精靈的一班。希望 IC 同學未來無論在學校或家中都仍然能夠聽教聽話,快樂成長為精靈的小朋友。

盧韵菲老師

Unicycle

Riding into the hall are students on their unicycles, wearing helmets with sparkling light bulbs on top. They are the school unicycle team, The Blue Black Cyclonette. The gimmick started the opening of the graduation ceremony.

Unicycle is a kind of bike with only one wheel attached to the ground. The only variation is the height of the saddle. The pedal is the most vital part that controls the direction.

The unicycle is a sport launched into our school in 2015. Sponsored by Unicycling Association of Hong Kong China, students pay a trifle fee only. In these two years, the team has recruited new members from Primary 2 and Primary 3. They train every Friday after school with the coach. More than that, they also treasure their recess time to practise on their own. Ever since then, there has been a great improvement for some members. At the very first beginning, it is just for fun as a kind of new sport. Starting from last year, the team began joining in competitions and performances. There are speed races and fancy riding. In a year's time, they won several prizes and trophies. It is a great encouragement.

Here is some feedback from two students:

Oscar: I find that the most difficult thing I encounter is to keep my balance on the unicycle. In fact, I need supplement wheels to control the balance on bicycles. But on the contrary, unicycle helps me with more balance on the bike.

Heidy: After learning unicycle, I find that I am stronger and tougher than before. I remember the first time I fell off from the unicycle, it was so painful. I cried sadly. I scrambled up. I stepped on the pedals again. I felt like I was stronger than before.

Starting or learning something new is not easy. It requires an inner strength and a heart of consistency. Wish the Blue Black Cyclonette in Lau Tak make more achievement with their hard work and effort contributed.

Writing tips: Explain, describe and inform some messages

Many expository writing (說明文) starts with a straightforward way (直述) to mention what it is. Herein, I start with an example in the first paragraph. Then, I proceed to the second paragraph by saying what unicycle is and how it is implemented to school. Next, I quote two players' examples to make it more convincing(有說服力). Finally, I do a sum up notion.

Unicycle (獨輪車) helmets (頭盔) sparkling light bulbs (閃的燈泡) The Blue Black Cyclonette (藍黑小旋風) attached (貼着) gimmick (招數) variation (變化) height (高度) saddle (車座) launched into (推動) pedal (腳踏) sponsored (贊助) trifle (少量) recruited (招募) treasure (珍惜) improvement (進步) competitions (比賽) performances (表現) speed races (速度賽) fancy riding (花式賽) trophies (獎杯) encouragement (鼓勵) balance (平衡) encounter (遇到) supplement wheels (輔助輪) on the contrary (相反地) tougher (强) scrambled up (爭扎地爬起) consistency(堅持)
